### Gorkhi – Terelj National Park

*Turtle Rock 1*

80 km north-east of Ulaanbaatar (UB) is [Gorkhi-Terelj National Park](#). Gorkhi-Terelj National Park is the most popular destination as well as the third biggest protected area in Mongolia. At 1600 meters the alpine scenery is magnificent. The park is well known for its fascinating rock formations including the most famous formations [Turtle Rock](#) and the Old Man Riding a Book. The park offers other adventurous opportunities including hiking, rock climbing, rafting, horse riding or for the more adventurous, swimming in icy waters.

**Genghis Khan Equestrian  
Statue and Genghis Khan  
Statue Complex.**

Known for the famous [Genghis Khan Equestrian Statue](#) the Genghis Khan Statue Complex is located on the bank of the Tuul River 54 km east of UB. According to [legend](#) Genghis Khan found a golden whip at this location and is symbolically pointed east towards his birthplace. At an astonishing 40 meters tall the statue stands atop of the Genghis Khan Statue Complex where visitors can see a replica of the legendary golden whip, sample traditional cuisine of horse meat and potatoes and visit the exhibition hall where visitors can actually walk through the horse statue to see the astonishing views it provides. The statue complex also holds museums with exhibitions relating to the Bronze age and Hunnic archaeological cultures in Mongolia.

**13<sup>th</sup> Century National  
Park**

100 km East of UB [13<sup>th</sup> Century National Park](#) is a living museum allowing visitors to get a glimpse of life as an ancient Mongol during Genghis Khan's reign. The park is divided into 6 camps, each show a different cultural aspect of 13<sup>th</sup> century life in Mongolia. At this living camp visitors learn about the world's first postal system, the state of affairs during that century, the everyday life of a typical 13<sup>th</sup> century Mongolian, shamanic culture, Mongolian calligraphy and scripts and craftsmanship in the 13<sup>th</sup> century.

## Excursion 2: Hustai National Park (Friday June 17<sup>th</sup> – Saturday June 18<sup>th</sup>)

Participants should book return flights after 6 PM on Saturday June 18<sup>th</sup>

Cost: \$136-195 (Depending on the group number)

[Hustai National Park](#) is a protected national park preserving various wildlife species including the endangered Przewalski Horse, also known as [Takhi](#). From the grassy plains of ancient Mongolia the takhi retreated into increasingly barren areas due to hunting and grazing pressures. In 1900 12 takhi were

captured in Mongolia and bred in captivity to sustain the population. Today over 220 takhi live in Hustai National Park which has been a tremendous success. This is 95 km west of UB Hustai National Park covers 50.6 ha of land extends through the Khentii Mountains and includes the western edge of the Mongolian steppe. In addition to the takhi the park is rich with flora and fauna including 44 species of mammals and 217 species of birds.
